

THE SHERIDAN GROUP

Spotify fabric care:

COFFEE TABLES: Bloom (purple) Unika VaevAtelier 706:

Spot clean with a mild solvent, an upholstery shampoo or the foam from mild detergent. When using a solvent or dry cleaning product, follow the instructions carefully and clean only in a well ventilated room. Avoid any product that contains Tetrachloride or other toxic materials. With either method. Pre-test a small area before proceeding.

OTTOMAN:

Black Synthetic Gorilla Hair: Spot clean with clear liquid detergent and water. Blot with paper towel until stain is removed. If more cleaning is necessary, allow to dry before reapplying soap and water. Do not scrub. Do not use chemical cleaners.

PILLOWS:

Inserts:

Open zippers and remove inserts to clean with soap and water. May be cleaned in washer on delicate cycle. DO NOT PLACE IN DRYER.

Allow to fully air dry before placing in pillowcase.

Fabrics:

Unika Vaev Calibre 688 in Paramount (orange), Quality (yellow), Wisdom (Lime green) Fine (Green) and Unika Vaev Chunky:

Spot Clean using a mild water free solvent or dry cleaning product. Clean only in well ventilated room and avoid any product containing Carbon Tetrachloride or other toxic materials.

HBF Textiles:

Sideways Vert, Quill: Weekly light vacuuming (do not use beater bar as it will accelerate wear)

Use Professional Cleaning Company for regular maintenance and cleaning of spots.

Spills should be addressed immediately by blotting up any excess liquid with a white absorbent cloth. Before removing a stain consult a professional cleaning service. Avoid pressing stain through fabric.

LUNA Textiles: Blueprint, Ensemble : Clean with Water-based cleanser and/or mild water free dry cleaning solvent.

Camira: Main Line Flax:

Vacuum regularly. Wipe with a damp cloth using soap and water or use proprietary upholstery shampoo. For deeper cleaning use steam or professionally dry clean.

Designtex: Gamut Navy

Clean by our standard methods using green cleaners such as Green works, 7th Generation Detergent and Master blend Citrus spotter.

Arc Com:

Journey (Green velvet): Only mild pure water-free dry cleaning solvents may be used. Cleaning by a professional service is recommended.

Bernhardt Textiles:

Twilight Lichen, Daybreak Grass:

Care Instructions for Upholstery

General Maintenance

Regular and proper maintenance of your upholstery fabric permits less frequent cleaning. Maintenance is routine, on-going care, which reduces soil build-up on a fabric's surface. This includes promptly treating spots and stains.

- Vacuum regularly with a proper upholstery attachment to thoroughly remove air-borne dust and lint. Promptly treat spots and stains.
- Clean periodically to remove accumulated grime and retain the fabric's original appearance as much as possible.
- Turn and rotate loose cushions to equalize wear and soiling.
- Clean protective arm covers and headrest, so they do not look different from the rest of your upholstery.
- Remove any cleaner residue by rinsing or extraction to avoid future buildup.

Important to note when disinfectants, cleaners and/or bleach are permitted they should be used in the proper concentration as recommended by the manufacturer and as indicated on the product specifications and product labels. Pretest in an inconspicuous area.

Disinfectants, cleaners and bleach solutions must be rinsed with water and dried with a clean cloth following application. *If you do not follow these instructions, you may harm the fabric and void product warranties. Avoid cleaners and Disinfectants containing abrasives.*

Spots and Stains

- **Get to it quickly** If a spot, spill or stain occurs, it may become difficult or impossible to remove if allowed to set.
- **Fluids** Remove fluids immediately and do not let them penetrate the cushion or furniture construction.
- **Solids or Semi-Solids** Carefully break up solid or semi-solid substances (such as mustard) with a flat object-butter knife, or spatula. Vacuum to remove as much of the stain as possible before using a cleaning agent.
- **Large or Unusual Stains** A reputable professional cleaning service is recommended.
- **PRETEST** A small, hidden area with cleaning agents.

Note - Use a soft brush as needed for difficult stains unless prior testing has been conducted. Brushing may result in permanent damage

- Use only a small amount of cleaner with a dampened towel to avoid spreading the stain or shrinking the fabric.
- Work in from the outside edge to the center of the stain.
- Blot the cleaning agent on, DO NOT RUB or you may damage the fabric.
- Remove the cleaning agent by rinsing and blotting it dry with an absorbent cloth, paper towel or sponge once the stain is removed.

After removing the cleaning agent,

- Allow the fabric to dry.
- Check for color change.
- If the cleaner made the fabric wet, allow it to set for one or two hours to dry.

Remaining fabric

Spot and stain removal may also remove accumulated soil from the fabric. The newly cleaned area may look much different from the rest of your fabric. You may then need to clean its entire surface.

SOFAS:

Unika Vaev Atelier 706 Admire (gold) velvet:

Spot Clean with a mild solvent, an upholstery shampoo or the foam from mild detergent. When using a solvent or dry cleaning product, follow the instructions carefully and clean only in a well ventilated room. Avoid any product that contains Tetrachloride or other toxic materials. With either method, pre-test a small area before proceeding.
