

WARRANTY

Our warranty period is from the date of purchase and covers manufacturing defects in material and construction according to European Regulations. Normal wear & tear, damage to upholstery or surface finishes are not covered by the warranty.

Please refer to the Normann Copenhagen Warranty Furniture Sheet for warranty time frames.

In the case of any issues with a product, please contact your retailer/dealer and they in turn will relay the information to Normann Copenhagen. The case will then be assessed, and the appropriate action will be taken.
